

Interested in Speaking with a FlexExec Expert?

Get FlexExec now through Satcom Direct (SD), our Master Distributor. SD is well positioned to tailor the connectivity service to your individual needs.

Satcom Direct (SD) and its companies provide global connectivity solutions for business and general aviation, military, government, and head of state aircraft. The company also provides land mobile services to areas with connectivity limitations. Since 1997, SD has worked to advance the technology of global connectivity, being first to market with new capabilities in communications technology. SD's industry leading connectivity solutions are complemented by their divisional capabilities including SD Avionics cabin and flight deck systems and SD software solutions.

SD World Headquarters and primary operations center is located in Melbourne, Florida, with additional office locations in the United States, Canada, UK, UAE, Switzerland, Hong Kong, Australia, Russia, Brazil, and South Africa.
